CLAIMS AND INQUIRIES DIVISION

This Division deals with consumer complaints and inquiries. Activities involve an examination and evaluation of complaints and of the company's position.

All formal complaints against companies are recorded in a computer system. A printout from this system enables us to observe trends that may be developing in violation of insurance statutes or regulations.

In 1982, 2,533 complaint files were closed. A breakdown of these files reveals the following:

Health	50%
Life	14%
Annuities	2%
Credit	2%
Auto	19%
Property and Liability	13%

LEGAL DIVISION

The duties of the Legal Division are to prepare Department regulations, bulletins and legal interpretations, to represent the Department in administrative hearings, to process applications by insurers for certificates of authority, to render legal advice on policy form approvals and to enforce compliance with the Nebraska Insurance Statutes and Department of Insurance regulations by all insurers, insurance agents, brokers, and all others licensed by the Department of Insurance. In addition, counsel for the Department acts as a liaison with the Attorney General's office with regard to all pending litigation and/or appeals from administrative rulings. The Legal Division also acts as counsel for the Director in connection with the supervision, rehabilitation or liquidation of insurance companies and as an incidental part of that duty advises the Director in connection with the operation of the Nebraska Property and Liability Guaranty Association and the Nebraska Life and Health Guaranty Association.

The Legal Division consists of a General Counsel, and two Legal Counsel.

EXAMINATION DIVISION

The business of insurance has always been regarded as one vested with a public interest and therefore, subject to the regulatory power of the several states, including the authority in those states to make periodical examinations of insurance companies. The jurisdiction had never been questioned seriously until 1944, when an opinion of the United States Supreme Court in the Southeastern Underwriters Case was rendered and declared insurance to be interstate commerce and subject to the regulation by the Congress. The dual regulation thus created was somewhat held in suspense by Congressional action effective June 30, 1948 (Public Law 15), which retained the State's regulatory power over insurance, but added language to the effect that after the date mentioned the Federal Sherman, Clayton, and Trade Commission Acts would be applicable to the business of insurance, "to the extent that such business is not regulated by state law."

Examinations of companies by state insurance departments are required by laws of every state, and in Nebraska its statutes specify examination of Nebraska domestic companies at least once in three years. The right to examine companies domiciled in other states and licensed in Nebraska is also extended to the Nebraska Insurance Department by statutory provision. Examinations may be a complete review of all operations of a company over a certain period, or be confined to limited areas within a company's activities.

The Examination staff of the Nebraska Department is made up of salaried employees who have been selected by the Director of Insurance and have met the education (and/or) experience qualifications specified in our insurance statutes. Examiners are paid their salary and expenses out of the Insurance Examination Fund, a fund wholly revolving in nature, the income of which is the reimbursement from insurance companies for time spent by examiners and limited expenses incurred during the examination of companies. The fund is not financed by any general tax funds of the State. The present staff in the Examination Division of the Department of Insurance consists of: a Chief Examiner, an Assistant Chief Examiner, 10 Financial Examiners, 1 Actuarial Examiner and 2 Market Conduct Examiners.

PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division, pursuant to Chapter 44, Article 14, of the Nebraska Insurance Code, is charged with the responsibility of promoting the public welfare by regulating insurance rates so they shall not be excessive, inadequate or unfairly discriminatory. To accomplish this objective, all rates must be approved by the Department prior to their use. Each rate filing is reviewed by members of this Division to verify the statistical justification for the approval of the filing.

Policy forms are also subject to approval by the Department before issuance by the insurers. The forms are reviewed for compliance with Nebraska statutes, clarity of language, benefit to the public and coverage commensurate with the rates charged.

During 1982, the Property and Casualty Division approved 4,872 filings. This represents an increase of over 20% from the previous year. Of this total, 128 were made by rating organizations for members or subscriber companies. Another 458 filings constituted deviation filings from bureau rates and/or forms. Independent filings by individual companies totaled 4,286.

The breakdown of the approvals by category were as follows:

Fire & Marine	Multi-Peril	Auto	Liability	Other
575	1,606	1,054	1,088	549

During the year, 25 statistical plans and 24 experience reports were filed by statistical agents. These experience reports included the premium written and earned and the losses paid and incurred in a particular line of insurance for one, three and five year periods.

Under Nebraska's consent-to-rate statutes, 39 policies were filed where the rate charged was in excess of the filed rate.

The licensing of property and casualty companies seeking authority to do business in Nebraska is handled by this Division. During 1982, approximately 60 applications by foreign and alien companies were reviewed. Thirty-six companies were licensed to do business in Nebraska.

This Division is also responsible for the licensing of surplus lines agents and the processing of surplus lines reports. Seventy-one surplus lines agents using 78 nonadmitted companies generated approximately 8.25 million dollars of premium in Nebraska in 1982. Premium taxes of $164,717.38 and fire marshal taxes of $17,764.98 were collected. The financial statements of 92 nonadmitted companies were reviewed.

The following is a list of the nonadmitted companies that wrote business in 1982 through surplus lines agents and the number of policies written by each company.
